

Accelera SEWP V Ordering Guide

The SEWP V Contract Overview

NASA SEWP V is one of only three agency contract vehicles authorized by OMB as Government Wide Acquisition Contracts (GWAC) for IT products and services. It is multi-award contract available to all Federal agencies and authorized Federal contractors. Contract details:

Accelera Solutions Contract Number: NNG15SC57B

Period of Performance: May 1, 2015 through January 31, 2027

Maximum Contract Value: \$20 billion per contract holder

NAICS: 541519

Order Fee: 0.34% included in the price of the product

Scope: Government-Wide Acquisition Contract (GWAC) vehicle for ITC (Information Technology and Communication) and Audio/Visual Product Solutions and Related Product Services

Delivery Dates: Accelera's standard for electronic delivery is 30 days after receipt of an order; delivery date commitments will be identified in our quotes to be responsive to customer requirements and aligned with commitments from our providers

How to Order

The SEWP V Program operates under Fair Opportunity regulations as defined in FAR 16.505(b) which provides contract holders with opportunity to be considered for each order in excess of \$3,500. Agency Contracting Officers are able to direct an opportunity as a "set-aside" to various socio-economic categories. Accelera is a Small Disadvantaged Business (SDB).

The NASA SEWP V program provides contract training for all participating agencies. This includes use of the SEWP V Quote Request Tool (QRT) that facilitates efficient processing of Requests for Quotes (RFQ's) driving competitive quotes resulting in delivery orders that meet agency strategic IT requirements. More information is available at www.sewp.nasa.gov.

Accelera has an experienced Federal sales team that has been trained in SEWP V policies and practices. They are available to assist customers in developing requirements, obtaining quotes, and using the SEWP V Program for efficient, best value procurement. Please contact Accelera at SEWPsales@accelerasolutions.com and we will respond with a sales professional who is responsible for supporting your agency.

About Accelera Solutions
